CODSALL COMMUNITY HIGH SCHOOL

Elliotts Lane, Codsall, WV8 1PQ

CWE have been Codsall Community High School's electrical contractor of choice for just over two years.

CWE ensures that they provide Codsall Community High School with the best service possible. Fulfilling their needs as and when needed, whether this an urgent job that requires a within the hour or same day response, or work required for more specific times such as, before or after school or school holidays. CWE ensures that they are reliable and always able to attend in times of need and urgency.

All works are always completed to the highest of standards, with the best quality materials possible, whilst still giving the best value for money.

CWE strive to provide a close and reliable service, not only for Codsall Community High School, for all clients within the education sector. CWE appreciate that it may not be feasible to work within an education environment during the day, and are happy to work evenings, weekends and try to keep school holidays available for our School clients who tend to book in the EICR's and remedial work during this time.

All of CWE's engineers have an enhanced DBS check. Ensuring peace of mind for clients and allowing work, if necessary, to take place within school hours.
